

BUSH BEAN - VERY FINE

holland - select
zaden – seeds

Faraday

FARADAY is an exceptional variety that is appreciated for its high yields and uniform pods. Faraday is able to cope well with stress conditions such as droughts and high temperatures. Its long shelf life makes Faraday especially suitable for fresh market purposes. However, many processors also work with Faraday because of its consistency. This variety is also the reference in the market for organic produce.

Disease package:

Bean Common Mosaic Virus V1

Anthraxnose

Halo Blight (*Pseudomonas*)

TRIAL DATA

Trial data are based upon laboratory observation and commercial trials in many different countries. Results and characteristics are influenced by many environmental conditions and local practices beyond our control. There is no warranty for yield and quality.

Holland-Select b.v. is a privately owned seed company based in the Netherlands, we started early 1900.

We run a research, maintenance, production and sales program of PVP-varieties. The production is a worldwide operation. We are also certified to produce and handle organic seeds. The quality of the seeds is checked in our own and official laboratories.

Our breeding techniques are innovative and advanced but our varieties have been developed without using GMO-techniques.

Holland-Select b.v. is a NEN-ISO 9001 certified company. The certificate ensures consistent management and procedures resulting in high quality products.
