

CLIMBING BEAN - FLAT PODDED

holland - select
zaden – seeds

Hacienda

HACIENDA is a relatively new flat podded climbing bean. It is notable for its beautiful straight pods of 26-27 cm long and excellent uniform medium green colour. The pods are fleshy and have a slow seed development. As a result, Hacienda has an excellent postharvest quality in both freshness and appearance.

Disease package:

BCMV Bean - Common Mosaic Virus - V1

TRIAL DATA

Maturity	-
Pod Length	26-27 cm / 10-10.6"
Pod width	23 mm
Pod colour	Green medium
Plant type	Climbing

Trial data are based upon laboratory observation and commercial trials in many different countries. Results and characteristics are influenced by many environmental conditions and local practices beyond our control. There is no warranty for yield and quality.

Holland-Select b.v. is a privately owned seed company based in the Netherlands, we started early 1900.

We run a research, maintenance, production and sales program of PVP-varieties. The production is a worldwide operation. We are also certified to produce and handle organic seeds. The quality of the seeds is checked in our own and official laboratories.

Our breeding techniques are innovative and advanced but our varieties have been developed without using GMO-techniques.

Holland-Select b.v. is a NEN-ISO 9001 certified company. The certificate ensures consistent management and procedures resulting in high quality products.
