

# ROMANO BEAN

**holland - select**  
zaden – seeds

## Mendoza

Mendoza is a Romano bean with very uniform and fleshy pods. It also has a very slow seed development which ensures a long shelf life. This makes Mendoza very suitable for both processing as well as for fresh market purposes.

Disease package:

Bean Common Mosaic Virus V1

Anthraxnose

Halo Blight (*Pseudomonas*)

### TRIAL DATA

Maturity	+2
Pod Length	16 cm / 6.3"

Trial data are based upon laboratory observation and commercial trials in many different countries. Results and characteristics are influenced by many environmental conditions and local practices beyond our control. There is no warranty for yield and quality.

Holland-Select b.v. is a privately owned seed company based in the Netherlands, we started early 1900. We run a research, maintenance, production and sales program of PVP-varieties. The production is a worldwide operation. We are also certified to produce and handle organic seeds. The quality of the seeds is checked in our own and official laboratories.

Our breeding techniques are innovative and advanced but our varieties have been developed without using GMO-techniques.

Holland-Select b.v. is a NEN-ISO 9001 certified company. The certificate ensures consistent management and procedures resulting in high quality products.
