

MANGETOUT - SNOW PEA

holland - select
zaden – seeds

Sweet Sahara

Sweet Sahara is a snow pea variety that is notable for its compact plant habit. This allows all the pods to be clustered and therefore they are very easy to harvest. The pods have a nice dark green colour and are very uniform and stringless at picking stage.

Disease package:

Powdery Mildew - Erysiphe pisi

TRIAL DATA

Maturity	0
Pod Length	8-9 cm / 3.1-3.50"
Pod width	21 mm
Pod colour	Dark Green
Plant type	Climbing
Disease package	PM

Trial data are based upon laboratory observation and commercial trials in many different countries. Results and characteristics are influenced by many environmental conditions and local practices beyond our control. There is no warranty for yield and quality.

Holland-Select b.v. is a privately owned seed company based in the Netherlands, we started early 1900.

We run a research, maintenance, production and sales program of PVP-varieties. The production is a worldwide operation. We are also certified to produce and handle organic seeds. The quality of the seeds is checked in our own and official laboratories.

Our breeding techniques are innovative and advanced but our varieties have been developed without using GMO-techniques.

Holland-Select b.v. is a NEN-ISO 9001 certified company. The certificate ensures consistent management and procedures resulting in high quality products.
