

CLIMBING BEAN - FLAT PODDED

holland - select
zaden – seeds

Vitalis

Vitalis is a flat podded climbing bean known for its very tender and tasty pods. This variety has a very slow seed development and as a consequence it has an excellent shelf life. Vitalis can be grown both indoor and outdoor, and is even suitable for organic produce.

Disease package:

BCMV Bean - Common Mosaic Virus - V1

Anthraxnose - Colletotrichum lindemuthianum

TRIAL DATA

Maturity	Mid early
Pod Length	20-22 cm / 7.8-8.6"
Pod width	20 mm
Pod colour	Dark Green
Plant type	Climbing
Disease package	BCMV /A

Trial data are based upon laboratory observation and commercial trials in many different countries. Results and characteristics are influenced by many environmental conditions and local practices beyond our control. There is no warranty for yield and quality.

Holland-Select b.v. is a privately owned seed company based in the Netherlands, we started early 1900.

We run a research, maintenance, production and sales program of PVP-varieties. The production is a worldwide operation. We are also certified to produce and handle organic seeds. The quality of the seeds is checked in our own and official laboratories.

Our breeding techniques are innovative and advanced but our varieties have been developed without using GMO-techniques.

Holland-Select b.v. is a NEN-ISO 9001 certified company. The certificate ensures consistent management and procedures resulting in high quality products.
